Caution against Fraudulent Contacts

Recently, we have confirmed unauthorized individuals have been sending out fraudulent e-mails with a fake letter using our information such as company name, address and logo. It also has the name and signature of our president.

We do not offer a job nor make any contracts by just sending e-mails, faxes or any means without directly meeting you. Therefore, if you received such a contact, please assume the contact is not from us.

Please DO NOT respond to the fraudulent contacts. If you received any suspicious contact pretending from us, please report it to us immediately from the following link:
